

10" Scrappy Spool Block

10.5 x 10.5 Unfinished

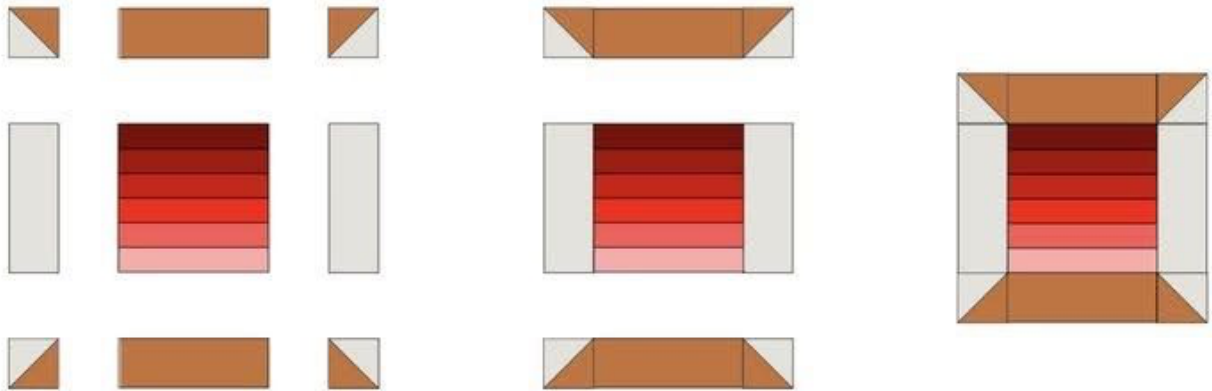

What you need:

- 1 Background fabric 4.5 x 4.5"
- 1 Spool fabric 4.5 x 4.5"
- 2 Background fabric 2.5 x 6.5"
- 2 Spool fabric 2.5 x 6.5"
- 6 Thread fabric 1.5 x 6.5"
- (For the thread fabric, use scraps that are all in the same color way)

Make 4 HST

With pretty sides together, match the two 4.5" squares and sew a 1/4" seam on all four sides. Then cut from corner to corner, both ways. You will now have four HST units. Square them up to 2.5 x 2.5".

Once you have trimmed your HST units, you'll sew the 6 thread fabrics together and press. Now you are ready to assemble your block. You'll start by sewing pieces together to form 3 rows.

Remember to press your seams as you go. After the 3 rows are made, then sew them together. A 1/4" seam should be used when sewing the seams in this block.

Your finished Scrappy Spool block will measure 10.5 x 10.5".

March: Scrappy Spool Block

Due: April Meeting
10.5 in Unfinished
